

Fig. 6. Structural and lithological sketch map of southeast Madagascar with the location of the corundum deposits (modified from Martelat et al., 2000). Major shear zones: A = Ampanihy, B = Beraketa, C = Ranotsara, D = shear zone of the Phanerozoic cover. Minor shear zones referred as subpanels (a) to (h). The Pressures (kbar) and Temperatures (°C) are from Moine et al. (1985), Ackermann et al. (1989), and Nicollet (1990). The numbers of the individual corundum deposits are the same as in Fig. 1.
